

TAKING FLIGHT

The Nadine Ramsey Story

Raquel Ramsey and Tricia Aurand

Foreword by Maj. Gen. Jeannie M. Leavitt, USAF

“Authors Raquel Ramsey and Tricia Aurand have captured the essence of a young Kansas girl who defied convention and stereotypes to learn to fly in the 1930s.”—*Golden Pylons Newsletter*

“Nadine’s story is also the story of women and military aviation, the efforts to gain veteran’s status and the benefits for WASP members, and recognition of their service by the federal government. This book is a welcome addition to women-in-aviation researchers for the detail it contains.”
—*Cavalry Journal*

“An incredibly personal and poignant account of one family’s successes and sacrifices during the Second World War. Ramsey’s story might be hers alone, but it is indicative of all the women whose service to the US and broader Allied war effort should not be overlooked.”—*Balloons to Drones*

312 pages, 74 black and white photos,
13 color photos, Cloth \$29.95
